

The background of the slide is a vibrant blue with a dynamic, abstract pattern of light trails and streaks that create a sense of speed and movement, resembling a road or a tunnel. A thick white horizontal bar is positioned above the main text, and another thinner white horizontal bar is positioned below it.

Back 2 Work 2021

A Message from the Board

Happy New Year

We hope you all had a good break with family and friends during the festive period.

2020 was a challenging year due to COVID-19, and it was good to see that you:

- Rose to the challenge
- Continued to work throughout the year

We would therefore like to thank you for all your hard work, support and commitment.

Unfortunately, the COVID-19 situation has not gone away and it still poses a threat to health.

As such it is important that we monitor, review and challenge the COVID controls in the workplace e.g. are they suitable and effective, would **you** feel safe working in that location?

If the HSE visited site, would it pass their 5 point check?

- Is the COVID-19 risk assessment in place?
- Do we have a documented cleaning regime in place and do we have cleaning products available?
- Could any employees work from home (**not** applicable for site-based employees)?
- Is the 2m rule in place and being followed?
- Where the 2m rule cannot be achieved are we taking action to mitigate the risks (e.g. wearing PPE)?
